

REEM GBR

WEB DEVELOPER TEAM LEADER

Mansoura, Egypt | 01029386477 | reemgbr2@gmail.com | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

PROFILE

Web Developer Team Leader with hands-on experience building modern, responsive websites across WordPress/WooCommerce, Salla, and Zid, alongside custom front-end builds with React and Next.js. Currently leading a front-end team — overseeing project quality, mentoring developers, and shaping technical direction — with a consistent focus on performance, clean code, and how a site actually feels to use.

WORK EXPERIENCE

Web Developer Team Leader — KAAF Marketing

Jul 2026 – Present

Full Time

- Leading a front-end development team, overseeing project quality and code standards
- Mentoring developers and shaping technical direction across client projects

Web Developer — TAR Group

Apr 2025 – Jul 2026

Full Time · On-site

- Developed and customized corporate websites with a focus on structure, performance, and cross-device consistency

Web Developer — Flowmark

Jun 2025 – Jul 2026

Part Time

- Contributed front-end development support alongside full-time work, building interfaces for client projects

Web Developer — Code Time

Apr 2024 – Apr 2025

Full Time

- Built and maintained responsive websites, translating designs into clean, production-ready front-end code

Freelance Web Developer — Self-employed

Apr 2024 – Present

- Delivered freelance projects on WordPress, Salla, and Zid for clients across Saudi Arabia, Kuwait, and Egypt
